

Apple Summer Camp 2019

Session III - Week I Rainforest Romp

Monday, July 15

Welcome to the Jungle

Bring lunch water & sunscreen.

Snack provided by _____.

To kick off our romp in the rainforest, we'll decorate leaves to add to our rainforests trees. Next, study rainforests around the world. In the afternoon, learn about the plants that grow in the rainforest. We will end the day enjoying the story "In the Rainforest".

Tuesday, July 16

The Emergent Layer

Bring lunch, water & sunscreen

Snack provided by _____.

In the morning, create a tree collage using leaves we've gathered. Later, become an expert on the top layer of the rainforest. In the afternoon, it's a race to the finish as we compete in a tree building minute to win it competition. We will end the day creating rainforest chalk murals outside.

Wednesday, July 17

Just Winging It

Bring lunch, water & sunscreen.

Snack provided by _____.

Wake up to the call of the Macaw creating your very own jungle bird art. Later, "wing it" and learn about the flying creatures that call top of the rainforest home. Next, spend some time outside perfecting our bird calls. We will end the day with the classic "The Great Kapok Tree"

Thursday, July 18

In The Canopy

Bring lunch, water & sunscreen.

Snack provided by _____.

Let's monkey around in the morning with some monkey art. Next, we will learn about what makes the canopy layer so special. In the afternoon we will perform an "Under the Umbrella" Readers Theater. To end the day we will learn about the fruits that grow in the rainforest and enjoy a fruit taste test.

Friday, July 19th

Runaway Rainforest

Bring lunch, water & sunscreen.

Please bring in a rainforest safe chocolate bar to share

Snack provided by _____.

Bright and early, we'll start the day with leaf rubbings. The first lesson of the day is on the threat to rainforests today. Later, we will discuss ways to help keep the rainforest alive. We will end the day enjoying delicious chocolate and acting in the "No Monkeys No Chocolate" Readers Theater.

Apple Summer Camp 2019

Session III - Week II Rainforest Romp

Monday, July 22

Understory Bugs

Bring picnic lunch, water & Sunscreen. Field trip to Seascap Park 1:00-3:00 all campers at Apple by 12:30

Snack provided by _____.

In the morning, create "bug"oculars. Later, discuss the insects found in the understory of the rainforest. In the afternoon, we will go on an insect walk to Seascap park. We will enjoy a picnic lunch at the park and walk back to Apple. We will end the day with a lesson on camouflage while playing Hide-and-go-Seek.

Tuesday, July 23

Monkeys, Jaguars, Bats Oh My

Bring lunch, water & sunscreen

Snack provided by _____.

In the morning, dot your way into creating an elusive Jaguar. Later, we'll read the story, Zippping, Zapping, Zooming Bats and do some research on this night loving creature. Next, we'll play a round of monkey in the middle and see which monkey gets the banana. Lastly, we'll learn about monkey species that call the rainforest home while we enjoy a tantalizing Monkey Bread treat.

Wednesday, July 24

What's on the Forest Floor

***Bring lunch, water & sunscreen
Please bring a small plant to plant in our terrarium***

Snack provided by _____.

Dangers await you on the forest floor, can you escape? We will start the morning water coloring frogs to join our jungle home. Next we will explore the dangerous creatures that inhabit the forest floor. Later we will enjoy a rousing game of "Don't touch the floor". We will end the day talking about the plants found in the rainforest and create our own rainforest terrarium.

Thursday, July 25

Rainforest Rain

Bring lunch, water, sunscreen & bathing suit (weather permitting).

Snack provided by _____.

In the morning we'll create giant raindrops to hang. Later, we will create rain in a jar and learn a little bit about the water cycle. We will end the day with an all out wet and wild rainforest obstacle course!

Friday, July 26

Rainforest Review

Bring lunch, water, sunscreen

Snack provided by _____.

Today is the day to test your knowledge and show us what you've learned. We will start the day designing our own rainforests. Next, we will play a series of quiz shows to put our knowledge to the test. Finally we will end the day with a rainforest taste test while enjoying "Ferngully".
