Winter Camp January 2-13th 2020**

Thursday, January 2- *It's a Flip Flop Winter!*

Welcome to another fun Apple Winter Camp. We've been cooped up in the cold long enough and are ready to break out our flip flops and pretend that summer is here! We've got a surprise in store, so bring your favorite pair of flip flops in a bag, and don't show anyone. We'll start the morning with some flip flop decorating. We'll follow that up playing beach volleyball indoors using a balloon. Next, we will enjoy a lesson on the history of the flip flop. In the afternoon, we will partake in a kinetic sand castle building competition. Later we will bring out the flip flops we brought for a rousing game of "If the flip-flop fits, who will wear it? A lesson on inferring with shoes. We'll end the day going on a Scavenger Hunt for missing flip flops!

Friday, January 3- *Peanuts and Crackerjacks*

It's all about baseball today. Wear a shirt for your favorite team today. Let's start the day designing your own team pennant! Then we will warm-up our arms with a game of catch, with a catch. We'll follow that up with a brief lesson on the history of America's past-time. Later, we will perform "Casey at the Bat", followed by a lesson on some baseball greats. We'll end the day making baseball cookies and having a baseball uniform relay.

Monday, January 6-*Get Ready. Get Set. Get Fit!*

Now that the holidays are over and we have enjoyed all of those yummy treats, it's the perfect time to show us what you're made of! We'll get our hearts pumping with some heart painting in the morning. Then we will kick things up a notch and really get going with a jumping jack challenge. We'll stop to catch our breath with a lesson on the importance of exercise and how our bodies move. Next, we'll get moving again with an obstacle race challenge. We'll put our brains to the test next with a round of healthy food Jeopardy. We'll end the day with some yoga to help reset our active bodies

Tuesday, January 7 -*Creaturemania*

Today is all about sun loving creatures. Start the morning by showing off your creative side, and create your own sun loving creature. Next, play a round of creature charades followed by a lesson on the sun loving African Penguin. We'll have some waddle races up next. We'll close the day with a lesson on the garter snake and a nature walk to see if we can find one out sunbathing (weather permitting)

Wednesday, January 8 - *Let the Games Begin*

It's carnival time at Apple. Make some popcorn art in the morning. Then we will spend the rest of the day playing carnival games around Apple. We will take a break from the fun to learn about how carnivals are celebrated around the world. We'll end the day making and enjoying some cotton candy.

Thursday, January 9- Cirque-Amongus

We warmed up with a carnival, and now it's time for the circus. Start the day creating a ring-leader top hat. Next, it's time to perfect those juggling skills. We will use bean bags to see how many we can juggle. Next, it's time for a hoola hooping contest. Who can hoola hoop the longest? We'll take a break for a lesson on Barnum and Bailey and the Ringling Brothers. Now it's time to test your balancing skills with a tightrope walk. We'll follow that up with a reading of "Miriette On the Highwire". We'll end the day making some home-made ice-cream.

Friday, January 10-Apple Camp's Got Talent

It's time to show off your talent! Spend the morning designing your own microphones. Next it's off to the costume shop. You gotta look good! Now it's time to meet with your singing coaches and dance teachers. Magic students will help teach Apple students a song and dance to perform at the end of the day. Now it's all about showcasing your talent with an Apple Talent show. We'll end the day with a fabulous performance that is not to be missed.

Monday, January 13- Leggo My Lego

Who doesn't love Legos? The morning is all about designing your own Lego character. Next, it's time for Lego Charades. We'll give you something to build and the rest of the group needs to guess what it is. After that we will have a look at the Lego timeline and how these blocks gained so much popularity. We'll go back to these popular blocks and compete in Minute to Win it, Lego challenges. We will finish the day with a look at California's Legoland Theme Park.

This form is DUE Monday, December 16th 2019
