

## **Camp Apple 2022**

### **Session 3 July 18-22**

### **Under the Sea Week 2**

#### **Monday, July 18th**

#### **Sharks and Mammals Oh My**

#### **Bring Lunch and Water**

It's all about the big animals of the ocean today. In the morning, create some whale tale art and add a story to go with it if you like. Later, take a moment to discover the giant ocean mammals that call the ocean home, along with some of their smaller friends as well. Later, let's have some fun with blubber science—so squishy!. After lunch it's time to move on to the more ferocious creators of the sea...Sharks! We'll learn about all the sharks in the ocean, big and small and end the day with a rousing game of Sharks and Minnows.

#### **Tuesday, July 19th**

#### **Fishy Fishy**

#### **Bring Lunch, Water and Bathing Suit and Towel (weather permitting)**

It's getting fishy around here today. In the morning, let's create some fork puffer fish. Next, learn a little bit more about these spiny creatures, why they puff and more amazing facts. Later, play a few rounds of "catch the puffer fish"—it's going to be fun. In the afternoon, come back to the sea to learn a little bit more about the odd looking SunFish—these guys are bit! We'll further celebrate their beauty as we create our own sunfish sun catchers.

#### **Wednesday, July 20th**

#### **Take to the Sky**

#### **Bring Lunch and Water**

Time to stretch your wings this morning as we learn about all seabirds. In the morning, create some sea glass sea bird art. Next learn about some of the smaller birds that like to call the seashore home. Later, see if you could hack it as a sea bird by participating in a series of bird related obstacle challenges!. In the afternoon, learn about the bigger birds that live near the ocean, the Seagull and Pelican. Later, fish in the sea like a pelican and see how many fish you can scoop up, then enjoy a showing of *Finding Nemo*.

#### **Thursday, July 21st**

#### **Sea Myths**

#### **Bring Lunch and Water**

Mysteries abound today! Start off the morning crafting a sea serpent or mermaid. Next, let's discover more about some of the mythical creatures said to call the ocean home. Later, participate in a series of obstacles as you run around to see if you can escape the Bermuda Triangle. In the afternoon, let's learn about the Gods of the sea, Poseidon and Neptune in some exciting tales from Greek mythology.. Later, make a crown fit for the gods using ocean items.

#### **Friday, July 22nd**

#### **Ahoy Matey**

#### **Bring Lunch and Water**

Pirates have invaded Apple today. In the morning, join a pirate crew and create a pirate flag with your own pirate name. Later, learn about some real-life pirates and the wild and dangerous things they did. In the afternoon, participate in our own pirate relay course to avoid a walk on the plank—but hey, no worries, even if you do it's gonna be fun. Later, let's fish for some buried treasure then enjoy some yummy Pirate booty with a special showing of *The Pirate Fairy*
